

# StingRay Parts Washer 180,000 Burner System

## 40 Series Burner System

The compact 40 Series Burner System is quality engineered and built for maximum uptime on the StingRay 3040, 3055, 4040 and 4063 Parts Washer. It incorporates the most reliable combustion technology on the market to provide trouble-free performance. This High Efficiency Burner conserves energy and runs quiet. An integrated electronic interrupted ignition and a powered automatic air shutter that eliminates heat loss, enhance efficiency even further.
